06 Our Partners Institutions

07 Startups Profiles

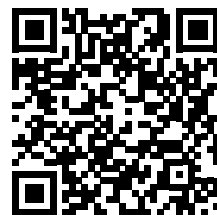

33 Teams Exhibit Floor

34 Other Teams

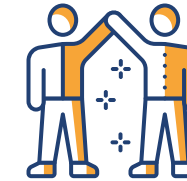

An innovation program created to provide access to entrepreneurial education, mentoring, and potential funding opportunities to aspiring entrepreneurs and innovators. In collaboration with MIT (Massachusetts Institute of Technology) Sandbox Innovation Fund, students and researchers have access to a broad network of world-renowned partners and experts that provide personalized mentorship and opportunities designed to foster innovation and growth.

Meet Our Mentors

UM6P Explorer **Showcased Teams**

An Entrepreneur Community

ACCESSIBLE

ALL students, researchers, and post-docs are welcome. No winners, losers, or failure: just growth and learning.

EDUCATIONAL

Designed for a traditional university experience, this program helps teams pursue entrepreneurial ideas and teaches fundamental venture concepts.

PRACTICAL

Teams learn by doing and gain real world experience in moving their ideas from concept to impact in Morocco, Africa and Globally.

PERSONALIZED

Teams are matched with globally and locally experienced mentors and given personalized curricula that moves their ideas forward.
